## Meet NIA's Student Committee Members!

Student - Arina  
Committee - This Girl Can

Hello everyone, my name is Arina Korsaka I am now in year 11. Throughout the years I have been here, it's been a pleasure to be involved in committees and activities this school has provided me with. I'm proud to be part of the this girl can as its not only giving me opportunities in the future but also expanding everyone's views towards women and their accomplishments. I believe that this school has done a lot for their students but has way more to come in the future. Many committees, like ours are created so everyone has a say and their opinions heard. NIA is one big community that cares and respects everyone within it.

## Getting to know our Student Committee members!

Starting this half term, each week in the Student Voice Newsletter, our Student Committee members will be introducing themselves and a little bit about their committees.

We look forward to sharing an insight into what our amazing committees are up to and how they benefit our students!
