Student Voice Interviews

A chance to learn more about what our young people experience at NIA!

This week we interviewed Martyna in Year 11.

Question of the week:

Q: How have you managed the transition from Year 10 to Year 11?

A: I think it's not that big of a jump, you do hear the word GCSE a lot more, which can be a bit stressful but you're still learning the same things!

Q: What is your highlight of the week?

A: My Drama lesson this week was great. They are always good lessons and we are very productive in them.

Q: What are your goals for this academic year?

A: To start revising more and try to get moved up in the sets for triple Science and Maths.

Q: What are your careers aspirations?

A: Criminology and Detective work. I am going to study hard to get good GCSEs and get into a sixth form and university that provide my courses to get my dream job.

Q: Final message or piece of advice for your readers

A: Use your time wisely, don't waste your time. Now that I'm in Year 11 I realise we don't have much time and you really have to use what you've got. Especially in Year 9 and 10.

Meet NIA's Student Leadership Team

Osman - Student Assistant Head

Hello, my name is Osman, a chosen individual to be one of NIA's student assistant heads. I'm thrilled to be part of the student leadership team! Joining a team brings such excitement and the opportunity to collaborate with others towards a common goal, which is excellence across our school. A Message to all that share the DNA of NIA, I'm delighted to help out such a diverse community such as NIA. Supporting a diverse community means embracing and celebrating differences, fostering inclusivity, and working together to create a welcoming environment for everyone. By offering assistance, understanding, and respect to individuals from various backgrounds and cultures, we can build a stronger, more united community where everyone feels valued and included. Once all values of NIA are represented throughout our school - respect, collaboration, and excellence - a more united community can be achieved, Only with the help of YOU. Together, we can ascend all limitations and be exceptional. Together we can promote unity amidst diversity, and together we are powerful.

"Alone, we can do so little; together, we can do so much." - Helen Keller

NIA Committee Updates

We are launching our 2024-2025 committees to new learners in tutor time next week. Stay tuned for updates, application information and timetables!
