A word from our Year 11 Student Leaders

Ella

Student Assistant Head of School

Being one of the first student leaders within NIA's history is something I will be forever grateful for. Having a group of students with similar passions, aims and goals as you, as well as being able to openly speak to teachers about the school, and actively having a voice to make positive changes, makes me proud. Not every school has had opportunities like we have had! Being able to go to Youth Summits, Conferences, run assemblies and support in the events where we are able to meet inspirational local figures representing the youth of Northampton is incredible, and I have learnt so much from my experiences about a variety of youth services offered and topics including mental health, psychology and politics. I would definitely recommend anyone interested in applying next year, it's a great chance to learn, make a positive impact within the school and meet new people!

Year 10 Work Experience Feedback

Evelina - Our work experience week has taught me to respect the teachers, support staff and cleaners in school. Now that I've been in their shoes I know how it feels to be one of them and that they have a lot of responsibilities. I am grateful that I had the opportunity to work and experience their hard work. I like this work experience as a member of staff I couldn't do it in the future because it is a lot of responsibility.
