

NIA STUDENT VOICE

Student Voice Interviews

A chance to learn more about what our young people experience at NIA!

This week we interviewed Amelia in Year 7.

Question of the week:

Q: How have you managed the transition from Primary to Secondary?

A: On the first day it was quite hard moving to different to places but now that I've got more experience it's easier.

Q: What is your highlight of the week?

A: Science has been a highlight this week, it's my favourite subject especially when I have a great teacher, I have Mr Swinton and he makes the lessons really fun and enjoyable!

Q: What are your goals for this academic year?

A: I'd really like to join the NIA Anti-Bullying Ambassador committee this year.

Q: What are your careers aspirations?

A: A doctor or a scientist!

Q: Final message or piece of advice for any year 6 learners coming to NIA in September 2025

A: Ask anyone for help if you need it, for example finding your classes or a new teacher.

Meet NIA's Student Leadership Team

Ella - Student Assistant Head

Hi, my name is Ella Cronin, I'm in Year 11 and I'm thrilled to be representing you all as one of the Student Assistant Heads of school. As part of the Student Leadership Team, I hope to make positive changes and encourage everyone to be the best they can be, as well as gathering your feedback and recommendations to make the school an environment you feel safe and want to be in. I promise to work with my fellow peers, show the DNA of NIA and support anyone in any way I can. Looking forward to what comes next, and can't wait to work with you all!

NIA Student Leadership Meeting

Enjoy some photos of our recent Student Leadership meeting with our Primary and Secondary Student Leaders! An amazing start to the year, well done all!
