

NIA STUDENT VOICE

Student Voice Interviews

A chance to learn more about what our young people experience at NIA!

This week we interviewed Emilio in Year 10.

Question of the week:

Q: How have you managed the transition from KS3 to GCSE?

A: I've managed it pretty well, the teachers have helped us a lot and since year 7 NIA has developed a lot which has helped us students to develop too.

Q: What is your highlight of the week?

A: We had a football game this week, it's really fun to take part in and having time away from screens and getting to play is fun.

Q: What are your goals for this academic year?

A: To pass my mocks and to try and be the best I can be to pass my GCSE's and open up doors for myself!

Q: What are your careers aspirations?

A: So far I've been thinking about being a footballer, but if that doesn't work out I'd like to go into business and management.

Q: Final message or piece of advice for your readers.

A: For parents, try and push your kids as much as you can. And for students always try to be the best you can be!

Meet NIA's Student Leadership Team

Katie - Associate Student Leader

Hi, my name is Kris (or Katie) Wooldridge, I am in Year 11, and I am honoured to be one of the Student Associates in the Student Leadership Team. I truly believe that this is a fantastic opportunity as I get to voice my own concerns about the school but also listen to other members of the student body voice theirs, and do what I can do within my role to help solve them. I try my best to advocate for kindness and empathy towards all individuals, which I hope to express through being part of the Student Leadership Team. Being part of this team is wonderful as we all want to make the school a better place for everyone - as close to perfect as we can - and we all listen to each others ideas. I have been in many committees prior to this, as well as being part of NIA's Combined Cadet Force Royal Navy contingent since it started. I have learnt at NIA for just over 4 years, which allows me to see the trajectory and path the school has been on and now I can use my role as Student Associate to help improve it.

New Committee!

We are very excited to launch our new LGBTQ+ inclusion committee. This is available for secondary students to apply for.

If you would like to join the committee please collect an application form from Miss King or Mr Wozny.

Committee meetings are Wednesday lunch time in B139 (Drama studio)
