Year 12's Experience at the UCAS Fair 2024

On Thursday 10th, our Year 12 students had the exciting opportunity to visit University of Northampton for the UCAS Fair. This event was a fantastic chance for students to engage with universities from across the country, gaining valuable insights into various subjects, entry requirements, and pathways.

The fair offered a wealth of information, with university representatives discussing grade boundaries, course options, and providing essential advice for students starting their UCAS journey. Each student was also treated to goodie bags filled with resources and leaflets to help guide them in their decision-making.

● Experiences

Students had the unique experience of exploring University of Northampton's facilities and participating in a variety of hands-on activities, including:

- Midwifery simulations
- Photography workshops
- 3D printing demonstrations
- Robotics experiments
- Movie makeup and prosthetics
- Journalism insights

"The fair helped me understand more about university courses and the entry requirements. It's definitely made me think more about what I want to do." - (Rehan)

"Getting to talk directly with university reps really helped clear up some questions I had about applying for different courses." - (Earl)
