Celebrating Culture at NIA6

We brought the mock exam period to a close in style as our Sixth Form students took part in a wonderful day celebrating cultural heritage. Dressed superbly in traditional and cultural clothing, students spent time learning about each other's family backgrounds, sharing stories, and engaging in form time activities that sparked meaningful conversations. It was a proud and vibrant day for the NIA6 community, a true celebration of diversity and identity.

Culture Day

Year 12 Prepare for Work Experience

WORK EXPERIENCE WEEK

7th – 11th July

Our fantastic Year 12 students are getting ready to head out on their work experience placements next week, and the excitement is building! Over the past few days, students have been taking part in interviews and inductions with their placements, and we're incredibly proud of the wide range of opportunities they've secured. From solicitors in London to local dentists, care homes, nurseries and more, these experiences promise to be enriching and inspiring. We look forward to seeing and hearing all about their time in the world of work!
