University & Apprenticeships Search Event

Our students recently attended the University & Apprenticeships Search Event at the University of Northampton. They took part in an engaging session with Dale Willis from My Great First Job, who shared valuable advice on:

- Applying for degree apprenticeships
- Building a strong personal brand and LinkedIn profile
- Using social media professionally
- Accessing free online qualifications from platforms such as Open University, Harvard, and Yale

After the session, students explored a wide range of university and apprenticeship stalls, speaking directly with representatives to learn more about the opportunities available to them.
