On Tuesday 4th July, we welcomed RISE workshops for 60 of our Year 10 learners to complete seven challenges that will give them the chance to develop and explore your skills in ways that are relevant to the world of work. All of these activities will support them both in school and once they leave.

Rise staff said "I really enjoyed working at the school, with a fantastic group of talented, and fun young people, who engaged brilliantly. I hope the students got as much out of the session as much as the volunteers and I did."
